Zaic Z-15 and Z-15 Derivations

Technology Science Association Models – rules on Maxecuter web site.

FF NOTES:

- Airplanes that have won twice before at the National Building Museum cannot further compete and must be retired to exhibition and fun flying only.
- Certificates can be awarded to those who have exceeded one minute in flight or have risen above the 4th floor catwalk and safely returned to the floor.
- Youth fliers should check in at the head table to be instructed in the flying protocol for indoor flying (clear the floor after launching; no running; don't pick up another's model).
- The use of steering poles is prohibited.

RC FLYING EVENTS: (10:00 – 3:30)

- Most Beautifully Crafted Non-ARF Foam Model to complete a figure eight.
- Most Beautifully Crafted Non-ARF Balsa-Tissue Model to complete a figure eight.

Free style flying between activities.

Send Glen Simperts a note before 3/1/17 if you are helping with the 1st family build and those entering before the building officially opens. Your note should include all names in your party and have names as they appear on your driver's license. There are a very limited number of parking spaces in the staff parking lot. All others are to park in the nearby streets. All other modelers should enter the building when it opens at 11:00.
